

## DT-6204/8/16

### Features

- H.264 realtime compression & network transmission;
- RTOS operating system;
- Mobile phone / PDA remote viewing supported;
- Full graphics OSD interface;
- Audio recording available;
- Programmable schedule, motion detection & sensor triggered recording;
- Motion detection: settable area & sensitivity;
- Motion trace function;
- User-defined camera title;
- Configurable record picture quality & frame rate;
- Display modes: digital zoom & PIP;
- Network: IE based monitor, playback, recording;
- Support PTZ control(Pelco-P / Pelco-D) via built-in RS-485 port;
- Support system log function;
- Password protection;
- Built-in USB2.0 port for video backup to USB Thumb drive;
- Optional VGA output.

### Specifications

- Video Compression H.264
- Video Input 4 / 8 /16 ch BNC
- Video Loop Output N/A
- Video Output 1 ch BNC (optional VGA output)
- Audio Input 4/8/16 ch RCA
- Audio Output 1 ch RCA
- Display Resolution PAL: 720x576 / NTSC: 720x480
- Display Mode Each / Quad / 8 ch / 16 ch / Auto-switch / Digital Zoom / PIP
- Display Frame PAL: 100/200/400FPS NTSC: 120/240/480FPS
- Recording Frame PAL: 100/200/400FPS NTSC: 120/240/480FPS
- Recording Resolution PAL: 360 x 288 / NTSC: 360 x 240 (CIF)
- Recording Modes Motion Detection / Time Schedule / Continuous / Sensor Triggered (Alarm)
- Recording Quality Law / Normal / High
- HDD Interface SATA Support 2 x HDDs, SATA
- HDD Space Each SATA port support 80G,160G,200G,250G,300G,400G,500G etc.
- Net Work RJ45, TCP/IP, DDNS, IE based control DVR (monitor, operate, playback, backup)

- USB Interface            USB 2.0 port / for thumb drive backup or updating firmware
- PTZ Control             RS485, support PELCO-D/P protocols
- Alarm Function         4 ch alarm in / 1ch alarm out
- Power Supply            DC +12V / 4A (power adapter included)
- Working temperature   -10 ~ +60
- Working Humidity       10% ~ 90%
- Languages               14 languages (English / Deutsch / Italiano / Russian / Espanol / Francais / Polski / Portugues / Turkish etc.)
- Accessories             IR remote control, SATA cables, Power adapter, Software CD (User's manual inside).
